This was surely a fine "crap" year in Kansas.

At 100 hundred railroad stations in the wheat belt are great piles of grain lying on the ground. Elevators are full and the railroads cannot furnish cars for shipments. There is little hope that the railroads can get this crop to market before the 250,000 bushels of corn now being harvested are ready for shipment.

There is one State whose delegation in Congress will be unknown on all questions. The Oregon delegation will be solid. It will consist of Senator Fulton, all the other members of the delegation being under conviction or indictment for penal offenses.

Judge Jas. R. Finnell, of Georgetown, has been nominated by the Republicans of the district composed of Jessamine, Woodford and Scott counties for the Senate, and his name will go on the ballot for the November election.

Until the millennium has spread the wings of universal peace over this earth and the lion and the lamb lie down together, people will quarrel, fight and kill; but the shooting affrays that occurred this week in our adjoining counties and caused the death of two of the Commonwealth's respected citizens leaving heartbroken widows and orphan children, to mourn loss, brings forcibly before the people of this section the prevalence of the cowardly and criminal practice of carrying concealed weapons. No man will carry a pistol unless he is bent upon a violation of the law, or is afraid of some one. The habit of carrying a pistol or knife will make a coward out of a brave man; he will be afraid when he is without them. There is now a statute in this State making it a crime and imprisonment of ten days to carry concealed weapons. That is not severe enough. It should be a felony punishable with confinement in the penitentiary. Going armed is a relic of barbarism, and this State should wipe out the obnoxious practice if it has to resort to the most strenuous method to do so. Some would like to see a man have reasonable grounds for fear violence from his neighbor, he has the right to have him put under a peace bond.

Danville News.

An exchange has the following: Like nearly every other fixed custom in Kentucky court day gatherings are of Virginia origin and date back to the old colony times when we were under a king, and our Virginia ancestors were wont to consider attendance upon the monthly meetings of the county court as a bond on duty which no good citizen would be justified in neglecting, no matter whether he had any business there or not. In Kentucky, from its inception, nearly everybody of the male persuasion has been in the habit of going to town on County Court day. They go because they have always from boyhood, "attended court," and because their fathers and grandfathers and great grandfathers always did before them. It is a custom which nobody in particular originated, but which always existed among our Virginia ancestors, for more than 150 years before the beginning of the Revolutionary war.

Huntington, W. Va., October 19.—James Barnett, 40, committed suicide here this evening by drinking carbolic acid. He was a foreman at the American Car and Foundry Company's plant.

Dr. A. A. A. at the recent meeting of the Kentucky State Medical Association in Louisville, said, among other things, this concerning tuberculosis, or, as commonly called, consumption: "Right here I wish to go on record as saying that I believe, and can support the assertion by indisputable evidence, that tuberculosis is curable in this climate, or almost any other climate, providing proper attention is paid to rest, food and the breathing of fresh air. Strange as it may seem, many doctors are yet unconvinced of the trifling importance of climate, though people are every day being cured in all climates. "Shall the spread of tuberculosis be prevented by legislation? No, a thousand times no. You can no more legislate against disease before the people have knowledge than you can legislate against immorality before their conscience has been awakened. The only legislation that could be enacted and enforced is that requiring that physicians report cases of tuberculosis coming under their notice. We are the teachers upon

Recent developments have revealed conditions in the great life insurance companies which neither State nor Federal regulation could reach and reform. That must be done, if done at all, by the policy holders, and by them alone. It is for them to realize that they cannot depend on any form of government to do what they must do for themselves. Undoubtedly government can provide certain requirements and exercise certain supervision which would insure to the advantage of the policyholders, but the evils from which life insurance is now suffering are beyond any control which a government can exert. The policyholders must, in the end work their own salvation.

It was not the Hargis crowd who were indicted in Breathitt county, but Mose Felner and Ruck Cottagegame, who had testified against the Hargis crowd. And is anybody surprised who knows the history and ways of inflexible Breathitt?

Plans for the permanent organization of the Kentucky State Development Association are being made, and it is hoped that the next meeting of the Legislature will be done in order that the association may have some definite means of placing the various development propositions before the State representatives. In order that the permanent organization may be properly discussed the Executive Committee will meet in Winchester, November 16, when it will be entertained by the Winchester Commercial Club.

In conjunction with the meeting of the Executive Committee in Winchester the Revenue and Taxation Committee of the State Senate will meet at the same place on the same date. ### Resolutions of Respect.

On Monday evening, October 9, 1905, at 6:30 p. m., the Pikeville Bar, and visiting attorneys, together with a large audience, met at the court house, in commemoration of the life and services of the late lamented Judge A. J. Auxier. Judge A. J. Kirk was elected chairman, and P. W. Stowers secretary of the meeting. A Committee on Resolutions had been previously appointed by the Bar, with R. T. Burns Chairman and Geo. Pinson, Jr., Secretary, which reported the following resolutions:

Whereas the All-Deputing Society of Time has visited our Bar, and cut the brittle thread of life, and launched into eternity our beloved friend and brother, Honorable A. J. Auxier, the oldest member of our Bar, who departed this life on the 15th day of August, 1905:

Therefore be it resolved, that in his death this Bar, county and state, has lost one of its most useful, distinguished, and honorable citizens; his family a kind husband and affectionate father, and community in which he lived, one of its kindest and best neighbors. He was honorable and upright in all the various walks of life. Beginning in our midst, as a poor boy, he applied himself in his profession with untiring zeal, and courage, until he stood at the head of his profession, and was among the very best lawyers of the Big Sandy Valley. Those who knew him first honored him with the office of County Attorney of this county. He was then promoted to the office of Commonwealth's Attorney of this judicial district. He was then honored by appointing him as United States Marshal for the District of Kentucky. Following this, the people of his legislative district, with one voice made him a member of the Constitutional Convention.

Still later the people of his judicial district elevated him to the office of Circuit Judge of this district. All these places he filled faithfully, efficiently, and with great credit to himself, to the satisfaction of all concerned. As a lawyer, he was faithful and true to his client, zealous and ardent in their behalf, and was in fact, a powerful advocate before either Court or Jury; always kind and courteous to his brother lawyers. We do, and always shall, mourn him.

Therefore, Resolved that we, as attorneys, tender his bereaved family and relatives our heart-felt sympathy.

Resolved that these resolutions be spread upon the Order Book of this Court, as a part of this Court's proceedings, and a copy sent to the bereaved family, a copy furnished each of the Pike county papers, a copy to the Paintsville Commercial, a copy to The Clinton Times, a copy to The Ashland Daily Independent, a copy to The Eastern Kentucky Journal, and a copy to The Martin County News, for publication.

### TWO STATE SENATORS ENDORSE PE-RU-NA.

HON. J. H. SAUER, State Senator from Douglas Co., to the Nebraska Legislature, writes from Frank's Hotel, Omaha, Neb., as follows: "Having tried Peruna I can commend it to all as a great tonic and particularly good as a remedy for catarrh." - J. H. SAUER.

Honorable Patrick Kennedy, Member of the Massachusetts Legislature, writes the following letter from the House of Representatives, Boston.

Dear Sir:—I have no hesitation in saying that after having tried dozens of other remedies without relief, I owe my perfect health and clear voice of today to Peruna. I know it to be a cure for indigestion and its attendant affliction, nervous debility. For the six weeks that I was on the platform through the recent campaign I used Peruna regularly, and although I spoke two and three times each day my voice never failed me. I know that Peruna is a reliable cure for bronchial troubles." - P. J. Kennedy.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

### A Kentuckian's Luck.

On an investment of \$5, which he borrowed from a more fortunate brother miner, J. A. Fesler, formerly of Mt. Sterling, but for twenty years a soldier of fortune in the Far West, realized the sum of \$74,995. Now he is back in Kentucky visiting his relatives and the friends of his boyhood, and when his stay is concluded he will hush back to Goldfield, Nev., and try his hand at wooing Dame Fortune again.

Mr. Fesler is a nephew of Miss Florence Barlow, 306 West Chestnut street, this city, and for the last week he and his wife and little girl have been visiting her. Two years ago the former Kentuckian was among the first settlers to drift into Goldfield, which has since become famous as the richest gold-producing district the world has ever seen. A few months ago before two miners finally managed to dispose the claim they had staked out for \$75,000, and the rumors of the lucky strike had spread far and wide in the West. Since its sale this first mine has produced \$1,500,000, and the half dozen white tents that first marked Goldfield have multiplied and now a thriving city of 10,000 people has grown up where they stood.

With the \$5 which he borrowed Mr. Fesler started into business in a tent, and a few months later built a substantial wooden structure. The boom lasted and developed into a steady growth with the increasing discovery of gold deposits, and Mr. Fesler risked his suddenly won fortune in a two-story store house. It was completed in July of the same year. A few weeks later a syndicate made up of millionaires bought the place for \$75,000 cash. Instantly Mr. Fesler has purchased a gold mine or two, from which he will, he is confident, be repaid as well as on his five-dollar investment.

In the last two years nearly \$12,000,000 in gold has been taken from the earth at Goldfield.—Courier Journal.

### DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular.

### CONSUMPTION MADE COMFORTABLE.

Incipient consumption is cured by Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herron, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation I know that it has cured consumption in the first stages." Sold by Louisa Drug Company.

Hon. L. F. Zerfoss, candidate for  
Representative, was in Louisville this

known him personally and somewhat  
intimately for four years, and can

say that he is an able, honorable,  
sober, moral gentleman and would  
make an ideal Representative.

It will be love's labor lost to vote

robbers, professional and otherwise.

Railroad men are, as a rule, pretty  
tolerably clamorous. That is, they  
are quite apt—and properly so—to  
oppose the cause of one of their  
fellows in trouble or who has been  
injured or threatened. This must  
have some connection, either close or  
remote, with the fact that to a  
man they are for John Burns for  
Sheriff. Ask the train men if this  
is not so, and ask them why.

"Well, Henry Watterson is clearly  
right about Theodore Roosevelt,"  
said a prominent Democrat. "What  
other position could he take under  
the circumstances? Roosevelt is go-  
ing through the South preaching  
Democratic doctrines and brotherly  
love, and how could Watterson or  
any other other Democrat throw  
stones at him? Of course I think that  
Roosevelt will fall down before his  
term expires, but so long as he  
stands up there is not anything for  
Democrats to do but give him a loyal  
and sincere support."

Our entire community was greatly

A word for John Burns. We have

is a true, honest, industrious, and

the people need not have any fears

There will be reduced rates on rail-  
roads and steamboats, and it is earnestly  
desired that there be attendance  
from the valley of the Big  
Sandy.

There is a wide difference between  
innocent fun and vandalism; between  
harmless pranks and malicious mis-  
chief. Next Tuesday night will be  
Halloween, and we hope that all who  
are intent upon celebrating the oc-  
casion will keep in mind the distinc-  
tions noted. No one objects to a  
"good time," so long as no one is  
injured thereby, but destruction or  
defacement of property should not be  
committed and should not be allowed.  
We hope that all who will bear this  
in mind.

The case of Justice vs. Ritter Lum-  
ber Co., Pike, in the Court of Ap-  
peals was affirmed.

The case of F. H. Yates vs. the  
Big Sandy Railroad company, taken  
to the Court of Appeals from the  
Johnson Circuit Court, has been re-  
versed and remanded for trial on its  
merits.

A fine vein of natural cement has  
been discovered near Stanton, Pow-  
ell county which is said to be of the  
finest quality. This field covers be-  
tween fifty and seventy-five acres  
and lies only six inches under the sur-  
face. In thickness, the cement aver-  
ages twelve feet.

Criminal Judge Matthews, of Hunt-  
ington, has ordered the body of Col.  
Wm. Simms, disinterred and taken  
back to Huntington for examination.  
It was reported that he dropped dead,  
but evidence has come to light which  
shows that he may have been mur-  
dered. Col. Simms was a citizen of  
Wayne county.

Lexington, Ky., Oct. 22.—Four men  
are now in the Lexington jail under  
sentence of death. All of them are  
negroes, and three convicted for the  
murder of William Moore, a white  
man, about a year ago, and the fourth  
is Jim Piersall, found guilty of as-  
saulting two white women in the sub-  
urbs of this city last spring. All of  
their cases are before the Court of  
Appeals.

Samuel Turman, charged with al-  
leged pension fraud, was found guilty  
by a jury in the Federal Court.  
Attorney O'Neal, for Turman, made  
one of his brilliant arguments before  
the jury, as did Federal Prosecutor  
Tinsley. When taken to jail Turman  
broke down and cried. He is a mem-  
ber of the "Mule" organization. At-  
torney O'Neal filed a motion for a  
new trial, and in case it is not granted  
he will take it to the United  
States Circuit Court of Appeals, Ash-  
land Independent.

The NEWS learns that the punish-  
ment inflicted by the court was a  
heavy fine.

A distinguished party of gentlemen,  
including Messrs. B. F. Johnson,  
Pikeville, Eugene Zimmerman, Cin-  
cinnati, W. H. Byrnes, and C. E. Hoch-  
kiss, N. Y.; J. C. Mayo, Paints-  
ville, and C. B. Hill, Winchester,  
held a meeting in the law office of  
Hager & Stewart, in this city, Tues-  
day morning, in the interest of the  
Kentucky and Ohio Bridge Company.  
Among other important matters dis-  
cussed, it was decided to increase  
the capital stock from \$2,000,000 to  
\$2,500,000. They also voted to con-  
solidate with the Inter-State Bridge  
Company, a corporation under the  
laws of Ohio.

The new bridge across the Ohio  
river between this city and Ironton,  
now in course of construction, has  
started an early record as a menace  
to navigation.

The towboat Ironsides, belonging  
to the Pittsburgh combine, was pass-  
ing down the river at an early hour  
this morning, with a big coal load,  
in the stiff current, a heavy fog, and  
the fact that the new bridge pier  
had been built since the Ironsides  
pilot had last made a trip along here,  
the boat ran her tow line, one of  
the piers.

As a result of the collision four  
barges of coal were sunk, right in  
the channel, which will be a grave  
menace to navigation as soon as  
the present rise begins to recede.

The escape of George Warner from  
the Insane Asylum, while under sen-  
tence of death recalls the case of  
Thomas Buford, who killed Judge  
John M. Elliott, of the Court of Ap-  
peals. If apprehended in another  
State there will be no difficulty in  
securing extradition for him. Col.  
Thomas Buford, who killed Judge El-  
liott and was sent to the peni-  
tentiary, did not present the same  
character of case at that of  
Warner. Col. Buford was found in-  
sane at his trial for the crime. He  
later escaped from the asylum, and  
the State was powerless to extradi-  
te him from Indiana because there  
was no extradition law for lunatics.  
Warner, however, is resting under a  
penalty fixed for murder, and the  
insanity finding against him acted  
merely as a stay of execution.

A FACT

What is known as the "Blues"

went away disgusted.

who has been in Cincinnati for some  
time, is here visiting his parents.

The biggest crowd that has been  
in Webbville for twelve months was  
here Saturday to meet Squire Ber-  
kings, who came home. It was like  
a big re-union.

The Willard bank was broken into  
Friday night and dynamited. The  
people were aroused and the men left  
their coats and tools. Bloodhounds  
are on the trail.

Writer was at Will Cole's at Mouth  
of Garner and spent the day. Judge  
Strother, of Grayson, and daughter,  
Mrs. Chitt Davis, were there and made  
it a very pleasant occasion. He had  
charge of a store in Louisiana for his  
father, F. Moore, in 1833 and he has  
much to say of the kindness of my  
parents to him.

The Messrs. Morris, of Cane creek,  
were here a few days ago returning  
from Ohio, where they have been for  
three months. Also, James and O-

Miss Harriet Lord, teacher of elocution  
in the Kentucky Normal Col-  
lege, at Prestonsburg, was in Louisa  
Wednesday for the purpose of giving  
a recital, but on account of the in-  
clemency of the weather she did  
not appear. Another date will be  
announced later, when it is hoped  
the weather will be more favorable.  
Miss Lord is most highly recom-  
mended.

The death of Mrs. Neil Frazier,  
of Cassville, which occurred last week  
was very sudden. She seemed in her  
usual good health and ate a hearty  
supper, not many hours afterward  
she was dead. Mrs. Frazier was a  
worthy and highly respected woman.  
She leaves a husband and a large  
family of children, all of whom but  
two are married.

Garfield Moore was excused from  
services on the grand jury yesterday  
because of illness in his family,  
which called him home. One of his  
children has pneumonia and a little  
son was born to his wife yesterday  
morning.

To the Voters.

In view of some reports that are  
being circulated for the purpose of  
injuring me in my race for Sheriff  
I wish to state that if elected I  
shall appoint good deputies in var-  
ious parts of the county sufficient  
to do the work and so located as  
to be convenient for the people. I  
certainly have no desire to adopt  
any plan that would give the peo-  
ple cause for complaint. Instead of  
that, it is my intention, of elected,  
to show my appreciation of the peo-  
ple's support by doing everything in  
my power to serve them faithfully  
and satisfactorily. I want to be the  
Sheriff for the whole people, treat-  
ing all alike, regardless of politics.  
It would be my aim to so serve the  
county that every citizen would look  
upon my administration with favor  
throughout the future.

As stated before, I should appoint  
satisfactory deputies. But I will say  
frankly that I am guarding against  
promising more than I can deliver.  
I would rather give more than I prom-  
ise than to give less.

Thanking all who have so kindly  
pledged me their support, and sol-  
iciting the same from others, I re-  
main, very respectfully,  
JOHN G. BURNS

## Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Dr. Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over-persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price. Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questioning, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

ing is likely to constitute the entire fight. In the next caucus to name the Democratic candidate for U. S. Senator there will be not less than one hundred votes, and at this time and from this distance it looks as though Senator Blackburn will receive to exceed thirty of these votes. Nearly all the Democratic candidates that were to be nominated for the two houses of the next General Assembly have been named, and a carefully kept tab shows that they stand about three for Judge Paynter to one for Senator Blackburn. The tide was in favor of Judge Paynter at the beginning of the campaign, and at no time has it ebbed, but on the contrary has appeared to increase. Judge Paynter has made a canvass becoming the dignity of the office to which he aspires, and his election, which now appears to be a foregone conclusion, elevates an able and deserving gentleman to the U. S. Senate. His success will be more brilliant because of his easy victory over one who has so long occupied such a high and honorable position in the greatest deliberative body known to men. J. C. S. Blackburn has been a Democratic idol in Kentucky and when he surrenders the toga to Judge Paynter he will have the satisfaction of knowing that his displacement is not because it loves him less, but because it loves Judge Paynter more.

said a great business man, "are my partners and they need all the strength and courage I can give them," and he forthwith paid for a \$1,000,000 policy in The Mutual Life Insurance Company of New York. Not without the most careful investigation, however, extending over six months. He was convinced by just such facts as led the President of a National Bank in New York to make the curious and shrewd provision in his will, which is contained in "A Banker's Will." ## PROGRAM.

Chicago, Oct. 21.—It persistently is reported that the Hawley-Gates interests have secured a majority of the votes in the Chicago road. Should this prove correct, it will interfere materially with the trunk line situation and the unification plan inaugurated by President Cassatt, of the Pennsylvania.

In 1899. Current reports are that the Hawley-Gates interests quietly have gone after the scattered stock and bought enough of it to give them control of the property. If these reports are correct there has been a repetition of the Louisville and Nashville coup, when August Belmont was caught napping and control of the property was wrested from him by the Gates interests. Presumably these interests will be willing to sell out their Chesapeake and Ohio holdings at a consideration, and that one of their own fixing, just as was done in the Louisville and Nashville case.

## THE ORIGINAL.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse all substitutes offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Louisa Drug Co.

An editor in a neighboring town had the following rhyme in his paper recently: "The grasshopper eats the farmer's grain, the hobo steals his honey, the insects bite his juicy back, and Sears & Roebuck gets his money."

## FOR SALE.

Second hand 10 horse power boiler engine and wheel, Second hand 30 horse french burr corn mill and fixtures. H. N. Fischer, Webbville, Ky.

## Watterson and Roosevelt.

In his characteristic style, Henry Watterson, in a lengthy editorial article, which was published in the Courier-Journal, talks of the visit of the president to the south and in a general way becomes his champion. At some length he reviews the causes which led him (Watterson) and the people of the South to entertain dislike for the strenuous president these objections arising particularly from the attitude of the president, the Crum affair, and "riding rough shod over whoever and whatever got in his way."

Watterson says a "different Theodore Roosevelt appeared upon the scene; the big stick was laid away, the hallimments of the Rough Rider exchange for more conventional popp." etc.

Mr. Watterson characterizes the speech of the president at the Leas statue at Richmond as something equal to anything ever said by Abraham Lincoln. In conclusion, he says:

"The South has wandered forlornly years through a wilderness of sectionalism for this vision of the promised land of perfect nationality. It has longed for some Messiah of patriotism and brotherhood to rise in the hand of equality, having a heart in it. To Theodore Roosevelt this happy lot has fallen."

"Though, we may differ to-morrow, never again shall there be from us acerbity of tongue or reced."

"To-day, at least shall be given to the love of God, to the fellowship of manhood and to the unity and glory of our country. Let mean and petty bigots, let glum-faced party-men, for a moment stand aside."

Room, room alone, while the president passes through the state lately in rebellion for the grandeur of the nation and the majesty of the people."

## FULL OF TRAGIC MEANING.

Are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it. Until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At A. M. Hughes' druggist; guaranteed; 50c and \$1.00. Trial bottle free.

## DO YOU WANT STRENGTH?

If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to the system. It is pleasant to the taste and palatable, and the only combination of ingredients that will digest the food and enable the system to appropriate all of its health and strengthening qualities. ## OBITUARY.

Departed this life October 19th, 1905, Mrs. Nancy Moore, wife of Freedman Moore, of Fallsburg. She was about 46 years old and leaves a husband and six children and many friends and relatives to mourn their loss.

Her illness was of a very strange type. She had been sick for a short time and had become mentally deranged and the writer was told that she came to her death by drinking carbolic acid. She was a good christian woman, being a niece of old Bro. Rudolph Sperry, who was so well known in this county by the oldest citizens. The writer was well acquainted with her when she was a young girl and resided in half a mile of her home for a number of years and she was a favorite of her many friends and the year of 1882 she was married to Freedman Moore, son of Wm. H. Moore deceased. All sympathy with the bereaved broken family.
